

## TRAFFIC TRUNK LINE

### PROPOSITION TO EXTEND PATTERSON AVENUE WEST FOR THAT PURPOSE

To further the opening of Patterson Avenue west to its junction with San Fernando Road at Grand View Avenue a meeting was held at the City Hall Saturday afternoon of property owners of the district who are interested in the project. After discussing the matter from various angles a decision was reached to hold a general meeting next Saturday afternoon at the new City Park at the corner of Patterson and Kemilworth at 2:30 o'clock to further consider the matter. It was announced that Mattison B. Jones will address the meeting at which maps will be displayed and estimates will be presented of the maximum and minimum cost per lot after the assessment district has been formed.

Those who are pushing the matter say that Patterson Avenue when extended as projected will give Glendale another traffic trunk line through the middle northwest section of the city and that it will provide another entrance to the business center from San Fernando by way of North Brand Boulevard at a very advantageous cost. Inasmuch as San Fernando makes an abrupt double turn at the intersection of Grand View Avenue, Patterson Avenue would be practically a continuation of San Fernando from that point.

Following the meeting the gathering will be utilized for a tree planting bee. City Forester Marek will be present with the trees and will have charge of that part of the program and a large attendance will be appreciated.

### NEW ENGINEERING FIRM

H. A. Eddy and Geo. E. Daley have formed a partnership as contracting and constructing engineers with an office at 710 E. Broadway. Both men have been actively engaged with engineering projects in and around Glendale. Mr. Eddy was with the city engineer's office from 1912 to 1914, after which he was connected with the Public Service Department until he became city engineer about a year ago. Mr. Daley has been connected with the county flood control department as a construction engineer for some time and for the past few months has worked in conjunction with the city engineering department on the flood control work in Verdugo Wash, where the results accomplished have been eminently satisfactory. He is a licensed surveyor of the state of California and was for several years an engineer for San Bernardino county, also a construction engineer for the Santa Fe Ry. Co. The new firm expects to give attention not only to flood control projects but to street work. Mr. Daley is now engaged in finishing the protection work of the Wash and has also a few days' work to do in Sycamore Canyon.

## PRELIMINARY PUT OFF

### FORGER REMANDED TO JAIL WHILE ATTORNEYS CONTEST OVER DISPOSAL OF MONEY

E. P. Stangland, the man arrested under the name of E. P. Stanley last week charged with uttering a forged check on a Seattle, Wash., bank, and defrauding Salmacia Bros. out of \$250 they gave him in change, appeared before Judge Lowe yesterday afternoon for preliminary examination and secured a continuance. It seems there is a contest over the disposition of money found on Stangland and his wife. The latter is in the Orange county jail on a similar charge, but the two were together here in Glendale shortly after Stangland's arrest and had been living in a rented house at 1006 East Colorado street. On Stangland's person were found \$68 in money, a gold watch and a fob charm made from a \$20 gold piece. In his wife's possession was \$200 in \$20 bills and this she was heard to say was from the proceeds of the Salmacia Bros. check given in change for the forged check of \$450. Stangland is fighting to retain possession of the \$200 his wife had and \$50 of the amount found on his person and it was in hopes of substantiating this claim that his lawyer asked that the preliminary be put off a few days. Salmacia Bros. attorney, Bert Woodard, is equally insistent that the money be given his clients whose it undoubtedly is, he claims. The money is in the keeping of the Glendale police authorities and will not be surrendered except on an order from the district attorney. Meanwhile Stangland will remain in jail awaiting his preliminary examination.

## A VEXED QUESTION

### F. B. WEBSTER'S NEW BUNGALOW IN PATH OF PROPOSED STREET EXTENSION

F. B. Webster of 131 S. Adams is in a quandry. For many months he shaped his plans to build a fine home in Glendale and when everything was ready he bought a lot at 646 North Orange, with a frontage of 66 2-3 feet, had plans drawn and late in February took out a permit for a six room bungalow which will cost, with the necessary improvements to the grounds, in the neighborhood of \$6000. The foundation was put in last week, the floor joists laid and the frame began to rise, when this morning Mr. Webster discovered that his lot is directly in the path of the proposed extension of Patterson Avenue from Central to Brand, to make of it a main boulevard from the latter street out past the new park to San Fernando Road. He is loyal to Glendale and declares he will do nothing to block any improvements the city should have, but he does hate to give up his plans for a beautiful home on the lot he has chosen with so much care. The new bungalow court of A. L. Baird and Dr. Young, for which a permit was taken out last week, and the new home of Barham Creech nearing completion, are also partially in the line of the proposed extension. An effort will be made at a meeting of leading citizens to be held at the park next Saturday afternoon to harmonize all differences and reach a solution of this boulevard extension matter.

### AFTERMATH OF FATAL AUTO WRECK

The wrecked auto in which Wm. McPherson met his death and four of his cowboy companions were injured when struck by an S. P. freight train a week ago last Saturday, is still on the lot back of Packer & White's Auto Company's repair garage and though the shopmen say it can be made almost as good as new, since only the body is damaged, but the National Film Company is holding back the repairs until Bill Donovan, driver of the fatal car, gets well enough to give his version of the cause of the accident. Donovan, who was thought to be only slightly injured, and insisted on leaving the hospital the evening of the day he was injured, is now in a serious condition, according to the report of film company officials to workmen. His back and one arm were injured and he is a nervous wreck, unable to talk connectedly for even a minute at a time. He may be months in fully recovering, it was stated. Tom Morgan, the other seriously injured man whose spine was affected, is recovering slowly.

### W. P. COFFMAN MAKING GOOD

W. P. Coffman, editor of the Burbank Review, is proving himself a hard worker and successful publisher of a country newspaper. Mr. Coffman became the proprietor of the Review less than a year ago, and since that time he has raised the standard of the paper so it is now one of the leading weekly publications in the Valley. The recent "Booster Number," comprising thirty-two pages, was one of credit to the publisher and the city which it represents. Mr. Coffman was several years ago employed in the job and ad department of the Evening News.

### POSTOFFICE STATION 14 RE-ESTABLISHED

Postoffice Station No. 14, which was recently given up by Spencer Robinson, in whose office it had been for several years, has been re-established. The residents of the east side were up in arms as soon as it was learned that the station was closed and at once got busy, writing and wiring Congressman Randall and the Postmaster General, as well as interviewing Postmaster Brown of Los Angeles. The order for re-establishing it was sent to the Glendale clerk in charge and he had made arrangements to have Mr. Robinson open the station again when R. A. Oliver produced an order from the postal authorities empowering him to open the station in his newspaper office on East Broadway, so it is now located there.

### WATCH YOUR TAIL LIGHTS

The police department is going to see that tail lights on all machines are kept burning whether the machines are moving or parked. Beginning tomorrow night arrests will be made whenever a machine is sighted that has not the tail light burning and the front lights in proper shape as well.

## A GIANT FLYER

### HUGE PLANE WILL BE SENT BY AMERICAN NAVY ON 8000-MILE TRIP TO CHINA

(Special Service to Glendale Evening News)  
NEW YORK, March 9.—Preparations are being made by the United States Navy to send two giant flying boats across the Pacific to Manila and from there to China, according to announcement made at the National Aeroplane Show here today. Planes for the 8000-mile flight will be twice as large as that of the N. C. 4 which made the trans-atlantic flight. They are now under construction. The "hop-off" is scheduled for next month.

## RAILWAY STRIKE KILLED

### MEN VOTE TO REMAIN WITH OTHER WORKERS AND SUBMIT WAGE CONTROVERSY TO COMMISSION

(Special Service to Glendale Evening News)  
CHICAGO, March 9.—The threatened railway strike of maintenance of way employees was killed today when the men voted to remain with other workers' organizations. Their wage demands will go before President Wilson's commission with those of other union bodies. The vote by which the grand lodge decided the course of the 400,000 members, was not announced.

## BOLD ROBBERS

### FOUR UNMASKED BANDITS ATTEMPT TO HOLD UP KANSAS CITY BANK AND SHOOT EMPLOYEES

(Special Service to Glendale Evening News)  
KANSAS CITY, March 9.—Four bank employees were shot, one fatally, when four unmasked bandits attempted to hold up the South Side Bank here today.

## AMERICAN TANKER STILL MISSING

### LAST WIRELESS REPORTED HER POSITION 111 MILES SOUTH OF DIAMOND SHOALS

(Special Service to Glendale Evening News)  
NEW YORK, March 9.—The mystery of the American tanker "Cubadist" which sailed from Havana February 26, deepened today when naval radio officials continued to report: "No word has been received from the missing vessel." The "Cubadist," with a crew of 41, was bound for Baltimore. The last wireless from her reported her position February 29th as 111 miles south of Diamond Shoals Light Ship. Belief is expressed that the ship may have met disaster in the storm which swept the Atlantic coast last week.

## TREATY RESERVATION DEBATE

### REPUBLICANS FRAME NEW COMPROMISE; SENATE DEBATES PRESIDENT'S LETTER TO HITCHCOCK

(Special Service to Glendale Evening News)  
WASHINGTON, March 9.—Discussion of President Wilson's letter to Senator Hitchcock refusing a treaty compromise, broke out in the Senate today soon after it met. Lodge, republican, opened the debate. Efforts to agree on a compromise on the article 10 reservation, continued. A new reservation was agreed upon by republican leaders including Lodge and was accepted by some democrats. Whether enough democrats will agree to it, is not yet apparent, but it will be offered by the republicans.

Elihu Root is credited with having given impetus to the latest compromise move. He advised Lodge and other republican leaders to do their utmost by changing the phraseology of the reservation to win over enough democrats to bring about ratification.

Lodge declared that what the president said about France was most unfortunate. He quoted the portion of the letter in which President Wilson said that "imperialists and militarists are in control of the French government."

"I do not think that ought to be said about France," continued Lodge. "I think it unfounded. I think the reverse is the case. I am sorry it has been said by the president. I regret also that the president took occasion to say something about Italy that seemed wholly uncalled for. Since when has it become a crime for a nation to seek self protection? From my point of view it is to be regretted that the president should have interfered at all in the Adriatic controversy for it was something that does not concern us. I think the president's arguments in favor of article 10 might have been made without going out of the way to say those things about France and Italy. The issue can be veiled no longer. The president's position justified the stand we have taken that there must be no obligation on the part of the United States to carry out the provisions of article 10."

## REPUBLICAN NATIONAL CONVENTION

### PLATFORM TO BE SUBMITTED IS BEING FRAMED AND OFFICIAL APPOINTMENTS CONSIDERED

CHICAGO, March 9.—The appointment of temporary officials for the republican national convention to be held here June 8th will be made in Chicago in April, it was learned today. A call for the meeting of the republican committee to arrange for the appointment of these officials is expected to be issued in two weeks.

## FOR CITY TRUSTEE

### FORMER SERVICE MEN OF GLENDALE ASK REPRESENTATION IN CITY GOVERNMENT

A movement has been on foot for some time among former service men and their friends to the end that the boys who won the war for us be represented in municipal law-making. With this object in view the following petitions have been presented to Atty. Dwight W. Stephenson:

Dear Sir: In an hour of great necessity the younger men of our nation did not hesitate to offer their services and their lives. In times of peace we believe their energy and ability should be given opportunity of expression in the management of our country both nationally and locally. With this end in view, we as citizens of Glendale, request that you, as an ex-service man, allow your name to be placed on the ballot in the coming election for city trustee. We believe the ex-service men and the community in general will give their united support, having confidence that you will unqualifiedly and energetically work for a bigger, better, more progressive Glendale.

C. W. Dudley, Fred Deal, Thad E. Yager, A. E. Dodds, H. L. LeGrand, J. E. Phillips, E. S. McKee, Pierson Hanning, Simon Berman, Archie M. Parker, Harry L. Howe, George U. Moyse, Richardson D. White, W. R. Phelon, Rev. James S. O'Neill, Henry M. Butts, W. L. Carrington, Mrs. May Kerker, Harry V. Brown, M. D. H. E. Bartlett, J. M. Fife, J. Herbert Smith, A. W. Beach, R. A. Borthick, W. A. Tanner, George A. Whitaker, D. J. Barton, Peter L. Ferry, P. F. Rentfrow, J. Hayward, James W. Pearson, Rev. C. R. Norton, Clifford A. Cole, A. T. Cowan, Charles L. Ammon, J. A. Endicott, H. B. Miller, Dr. C. S. Steelman, Frank N. Motsch, Susan E. Motsch, J. S. Neel, Fred S. Hill, George E. Clayton, L. N. Hagood, William L. Baker, C. E. Neale, J. C. Klammer, Marion E. Van Benthussen, Harry W. Lund, Stanley Frenz, Max Lynn Green, C. L. Booth, Ray Engle-  
(Continued on Page 3)

### KATHERINE CROSS' IMPROVEMENT

Little Katherine Cross, daughter of H. D. Cross of 329 Mira Loma Avenue, is improving steadily and is now able to ride out in an automobile. Her terrible illness robbed her of all her hair, which is now coming in. Her friends are hoping it will be curly. A second crop of hair usually has that characteristic. In a few weeks, when the weather is a little warmer, Katherine will be taken to the Russell ranch, owned by her grandfather, near Oxnard. Mr. Cross is now in New York. In a letter which Mrs. Cross received from him this week he told of the terrible storms which paralyzed traffic there. Street cars—not even the elevated trains—were running, and there were no motor buses. The city was "simply snowed under," he said. An effort had been made to break through the drifts with horses, and one horse dropped dead in front of his hotel, presumably from over-exertion.

## OLD M. E. BUILDING

### DEDICATED IN 1906, BUT NOT FIRST CHURCH EDIFICE BUILT IN GLENDALE

The old M. E. Church building at the corner of Dayton Court and Wilson Avenue, which has been wrecked by C. A. Lessard, who bought it for that purpose a few weeks ago, was started in 1905 and dedicated September 17, 1906. Rev. C. R. Norton was the pastor then and it was due to his initiative and later untiring efforts that the building program was successfully carried out. He was pastor of the church here for four years. This was not the first church building in Glendale, by any means. The Presbyterians have first honors in that line. The little building that stands in rear of the comparatively new edifice at Broadway and Cedar was moved there from Tropic in 1886. It had stood on a two and one-half acre tract fronting on Glendale Avenue, where the Dunkard Church now is. The congregation divided at this time, the Tropic members retaining the grounds and the Glendale members being awarded the building. B. F. Patterson gave the latter two lots at the southeast corner of Fourth and Cedar to locate the building on, but when it was moved there it was found that the steeple and entrance did not fit that side of the street so Mr. Patterson obligingly gave them the two lots on the northeast corner.

## NEW HOME MAKERS

### NURSERIES BEING EXHAUSTED BY DEMANDS FOR FRUITS AND ORNAMENTAL STOCKS

Dealers and nurserymen are reporting difficulty in keeping up with their orders and stocks are running low on choice fruits and ornamental trees and shrubs and they say the cause is not hard to discover. During the war the nurseries, like many other businesses, marked time. After the war when the shortage of houses was realized and thousands of renters were by force of circumstances converted into owners of homes, there began an immediate raid upon the nurseries to set those home grounds with fruits and flowers. Many Easterners have come here who, the local horticulturists tell us, have much to learn. They bring and try to apply their knowledge of plants that thrive in the colder east and of cultural conditions there and naturally apply them here. But they will learn. One of the mistakes mentioned is the inclination to plant seeds too deeply. The nights of Southern California are cold. The soil is not kept constantly warm as in the East and too deep planting may mean too cold temperatures for germination.

Another thing for them to consider in planting flowering shrubs and plants is the length of their blooming season. Southern California has a wealth of available shrubs and plants with a long season. The temptation of the Easterner, say the local dealers, is to plant the things he has always known and loved, the snowball, the lilac, the bridal wreath. These are good in their place, but the place is in the backyard where they can be enjoyed during their blooming season and not be in the way of something more desirable at other times. Planting should therefore be made with care and after consulting those who have lived long enough in Southern California and who are interested enough in its flora to be good advisers.

### THUMB CAUGHT BY BICYCLE CHAIN

Clyde Morrison's eldest son, Marion M., got the thumb of his left hand caught between the chain and sprocket wheel of his bicycle last Saturday while tuning it up for practice on the boys' speedway at the corner of Hawthorne and Central Avenue, in hopes of entering some of the races. The flesh was badly lacerated and the joint spread somewhat, necessitating the care of a surgeon, but the boy is getting along very favorably.

## NEW GARAGE HOME

### MR. AND MRS. NOBLE RIPLEY TO TAKE POSSESSION THURSDAY

Mr. and Mrs. Noble Ripley who have been building a very cozy and attractive double garage home on property they purchased on West Garfield, between Central and Brand, expect to move in Thursday of the present week. It is embellished with French doors and many pretty accessories. While living in a garage is regarded as "the simple life," old-timers declare it is luxury compared with the dwellings with which many of them had to content themselves when the country was new and before there were all the modern conveniences which have added so much to the comforts of life. The Hobbs family is delighted to have the young people so near and Mrs. Hobbs considers it quite a coincidence that they have chanced to purchase a lot in what was once a ranch holding of Mr. Hobbs, their little home being snuggled in between two trees planted by Mrs. Hobbs twenty-five years ago. The home in which the Ripleys went to housekeeping after their marriage was broken up when Mr. Ripley went to war.

### QUICK RETURNS

Mrs. Le Roy Bramble of 622 N. Columbus Avenue, who advertised twice the sale of a boys' automobile and some does, petitioned for the removal of the ad from the columns of the Evening News because both sorts of property have been sold. She is very much pleased with her excursion into the advertising columns and with the promptness of the returns realized.

WEATHER FORECAST: Unsettled weather; probable showers to night and Wednesday.

## MEDICAL BANQUET

### DR. HARROWER ENTERTAINS GLENDALE PHYSICIANS AT WHITE INN

The majority of the physicians in Glendale were present last evening at a banquet tendered to them by the Harrower Laboratory, through Dr. Henry R. Harrower. The chief reasons for this gathering were: The need for a local medical society for the edification and mutual advancing of the social and scientific interests of the growing number of physicians located in this city; the discussion of the projected Glendale Research Hospital for which land has been bought and plans carefully laid and, finally, to present to each physician a copy of a new book on organotherapy by Dr. Harrower, which has just been delivered from the publishers in Chicago.

The preliminary plans for the establishment of the Glendale Medical Society were discussed and a committee of five appointed by Dr. J. E. Eckles, the chairman of the meeting. There is to be another important meeting at which, no doubt, the final steps to organize this society will be taken. This will be held at 7:45 on Wednesday evening, March 17th, in the office of Dr. G. Kaemmerling on Brand Boulevard. Following this business, Doctor Harrower gave a short talk outlining the fundamental principles upon which the growing business of his laboratory have been based, and it was clear from his statements that he is convinced of the reasonableness of his opinions.

Following this Dr. J. A. McNaughton of Los Angeles, the only outside physician present, spoke in regard to his development of the plans and management of the projected hospital and his remarks were discussed at length by ten or twelve of the men present.

The dinner was of the usual high class expected at the White Inn, and the place cards which consisted of huge gelatin capsules (containing

sugar!) caused considerable merriment.

The following Glendale physicians were present: Doctors Newton Bobbitt, H. R. Boyer, H. V. Brown, R. E. Chase, F. M. Collier, O. A. Dieterich, A. M. Duncan, J. E. Eckles, D. W. Hunt, W. J. Johnson, G. Kaemmerling, P. M. Keller, H. C. Smith, A. W. Teel, H. G. Westphal, T. C. Young, as well as James Harrower, the business manager of the Harrower Laboratory, and Dr. J. A. McNaughton. "A good time was had by all," and it is predicted that later get-together meetings of our medical men will further their professional interests and tend to develop their scientific attainments.

### NEW HOUSE NEARS COMPLETION

Barham S. Creer's new house at 642 North Orange is almost completed and has received the first coat of paint. It is full two stories in height and has eight rooms, also a sun parlor over the driveway. The design is Colonial. Mr. and Mrs. Creer have been living for a number of years at 212 Arden, but the house was sold so they decided to build.

### H. E. BARTLETT OPTIMISTIC REGARDING RAINFALL

H. E. Bartlett of 347 N. Brand, who keeps, year by year, a careful record of the rainfall, is a close observer of weather conditions. He says we will have more rain soon and he is decidedly optimistic regarding the moisture situation. He says he has known it to be worse than this in the 27 years he has been in California and no suffering resulted. He says the big forest fires last summer had one result that was unexpected, preventing the storing of moisture on the mountainside and in the canyons, so the steady flow during the winter's gentle rains kept the ground in the lowlands pretty well saturated so that now the soil is in excellent condition.

## ANNOUNCEMENTS

### NOTICE TO VOTERS

Your attention is called to the fact that registration of voters for the Municipal election of April 12th, 1920, closes March 12th, 1920. All voters must have registered as in the precinct in which they reside on the date of election, since January 1st, 1920.

J. C. SHERER,  
City Clerk.

### MUTUAL BENEFIT READING CIRCLE

The Mutual Benefit Reading Circle will meet on Wednesday, March 10, at the residence of Mrs. Chas. H. Toll on Kenneth Road.

### SYCAMORE HEIGHTS GOAT RANCH

Baby kids disbudged by successful method. If brought to ranch, \$1.50. Best age two to five days. Over ten days and mature stock, \$2. Goats boarded. Goat milk at 20c per quart if called for. Two men were hotly discussing the merits of a book. Finally, one of them, himself an author, said to the other: "No, John, you can't appreciate it. You never wrote a book yourself."

"No," retorted John, "and I never laid an egg, but I'm a better judge of an omelet than any hen in the state."—Boys' Life for February.

## Personals

Clyde Seal of 319 West Cerritos Avenue has started another house for investment at 1509 South Glendale Avenue.

Mrs. Agnes Hegar, who sold her property at 1231 North Brand to L. H. Thompson, is living a few doors away in the same block.

Mr. and Mrs. Sidney A. Briggs of 605 South Verdugo Road, who have been living in Glendale for about a year, have gone to Laguna to spend two weeks. Mr. Briggs is recovering from an operation.

Fred Reed of West Colorado, with his wife and two sons have just returned from Arizona, where they went to purchase a ranch for the son, Harry Reed, who came home last winter from Iowa.

Workmen, under the direction of the City Forester, are digging holes and planting trees for the Newport Land Company on Canada Boulevard. It is estimated that at least 1500 trees will be planted along the parkways.

Mrs. C. D. Hellyer of 365 West Milford Street has been enjoying a good visit with an aunt and uncle who came to Glendale and took a house for a month. They came from Grand Island, Neb., and will return in a month or two.

Clyde Morrison yesterday bought the six-room house at 313 West Garfield Avenue belonging to Edgar A. Smith of Los Angeles. Since selling the home at 404 North Isabel last year the Morrises have lived in an apartment over the Glendale Pharmacy.

Mrs. Phil D. Herbert of 435 South Central Avenue, who has been spending a little while in Thermal, Coachella Valley, on the ranch which she and Mr. Herbert own, is expected home this week. They are raising onions now but expect to put it into dates. They have six acres.

A Glendale man who advertised dahlia bulbs and chickens in the Glendale Evening News reports that he had more inquiries and better results from three insertions in the local paper than he got from advertising the same articles three successive Sundays in two Los Angeles papers.

Mrs. Arey of Cincinnati, Ohio, who has been spending the winter in Southern California and has been the guest of Mrs. Herbert Reid of 216 Milford Street, has returned to her Eastern home. She was very much delighted with California and Mrs. Reid predicts that some time she will come for a longer stay.

Mr. and Mrs. Earl G. Chandler, who formerly resided on Arden Avenue but who are now living in Berkeley, were guests on Friday of Mrs. H. McSpadden of 216 Arden Avenue. They were in Los Angeles county for only a few days, having come down on a business trip. They say they like Berkeley very much.

The monthly banquet of heads of departments of the Moreland Truck Company which has heretofore been held in Los Angeles, will be a Glendale function hereafter, beginning one evening this week. It is a get-together business and social meeting to exchange ideas and discuss matters of common interest. Covers are usually laid for twenty-five to thirty and a number of Glendale residents will be guests.

Mrs. A. R. Hildreth of 217 Milford Street is entertaining friends from St. Paul, Mr. and Mrs. J. A. Steel, who expect to be here until about the first of May. It is their first visit to Southern California and they are very much delighted with the country. Mrs. Hildreth expects that some time they will come to stay. Her sister, Mrs. Burbank, of Serrano Avenue, Los Angeles, is giving a luncheon next Saturday in honor of Mr. and Mrs. Steele.

Mr. and Mrs. Sheridan G. Berkebile of Santa Barbara were in Glendale Monday looking over the town with a view to locating here. They motored down from Santa Barbara to spend the week-end with their son who lives in Los Angeles. Mr. Berkebile owns a beautiful little ranch of five acres just out of the city limits of Santa Barbara, near the foothills that surround the beautiful resort, giving them the mountain as well as the ocean view. Mr. and Mrs. Berkebile motor to Los Angeles frequently and are anxious to locate in this part of the country, as they feel Mr. Berkebile's health will be better if he makes his home farther inland.

Mr. and Mrs. Harry St. Clair of 1250 South Maryland Avenue, with their son, Millard, and wife and son, of Los Angeles, motored to San Bernardino last Sunday morning returning Monday evening. They left here early Sunday morning taking the ridge route and arriving in San Bernardino about 11:30, where they visited with another son, Ralph St. Clair, and family, returning late Monday evening. They report the roads in good condition all the way, and Sunday the air was in perfect condition, but the return trip was not so nice. They drove for miles through the fog, but in spite of it they made the trip from Sunberg—about 71 miles—in two hours and a half.

Dr. Henry R. Harrower and Jas. Howarth left Monday night for a brief trip to San Francisco, where they will attend the Business Show and pick up new ideas for facilitating the work of their office.

Now that the quarantine is lifted from the home of Charles H. Toll on Kenneth Road and that members of the family who were ill have recovered, the Mutual Benefit Reading Circle will resume its meetings and gather there as usual this week.

Miss Margaret Nichols has been visiting three of her sorority sisters in Coalinga, Cal., for the past two weeks. She has now accepted a position in the Carnegie Library, as Assistant Librarian, and will remain in Coalinga for two months or more.

Dr. and Mrs. E. H. Willisford were dinner guests Monday evening of Mr. and Mrs. Calvin Whiting at the Los Angeles City Club. Today Dr. Willisford will be the guest of J. H. Braly at the banquet to be given at the Alexandria in Los Angeles for Franklin K. Lane, ex-Secretary of the Interior.

Miss Emily Hills, daughter of E. K. Hills of 313 East Wilson Avenue celebrated her sixteenth birthday delightfully last week with a dancing party at the Keller Studio at which about seventy of her friends were entertained. The refreshments served after the dance included a handsome birthday cake.

Mrs. Earl E. Hitchcock and Mrs. Oliver Stradling of this city will be guests at a luncheon which is being given Wednesday by Mrs. Lorrard of North Kingsley Drive at which she will entertain a group of friends who were classmates in Los Angeles High School. These get-together occasions are considered great treats and the Glendale ladies are looking forward to the affair.

Mr. and Mrs. W. J. Button, who sold their home at 207 West Lexington Drive to Mr. and Mrs. Ratcliff, new comers from Australia, will surrender possession of it about the first of April. Their present plans include a summer at Long Beach, but they have no intention of forsaking Glendale and will buy another home after they have made a leisurely survey and found just what they want.

Mrs. A. W. Holmes, sister of Mrs. Joe Fortunato, arrived from Buffalo, N. Y., Monday evening and is now a guest in her home at the Mason Apartments. Mrs. Holmes is very much delighted with what she has seen of California thus far. She thinks it is a wonderful place and that some time she will make it her home. She expects to be here about three months and divide her time between the home of Mrs. Fortunato and another sister, Mrs. Morton, on North Isabel Street.

Mr. and Mrs. Herman Oelschlager of 322 West Cerritos Avenue have sold their home and are breaking up housekeeping for the summer. Mr. Oelschlager's parents and his uncle from Ohio have been with them during the winter and are returning to the East next Sunday. Mrs. Oelschlager and her two children will accompany them, as she has not been East for a number of years, and is taking this opportunity to see her old home and visit relatives. She will return in the fall.

Glen Alden Hansen and the two older children started yesterday on the long journey home to Saskatoon, Saskatchewan, Canada, where he owns a ranch. His wife remains in Glendale for a few weeks with the youngest boy, Glenn Alden, Jr., whose leg was broken several days ago when he was run over by an auto. The mother and boy are staying at Mrs. Anderson's private hospital at 1329 East Harvard. The family had been spending the winter in Glendale at 711 East Colorado and both the father and mother are desirous of coming here to live.

# Tell Them With a Kodak

## Show California to the Folks Back Home

You can't talk to your friends back in the old home; you may have little time to write; your powers of description may not be very great anyway. Yet, you do long to tell them just how lovely California is and how much you enjoy living here.

You can tell them all about it very accurately and interestingly, with a kodak. You can give them such a good idea of the grandeur of the mountain heights, the loveliness of the canyons and the allurements of the sea. You can show them how attractive are California homes.

You can take them with you on your week-end hike or motor trip and show them all the interesting and wonderful things you saw. You can show them orange groves with snow-capped mountains in the distance, and you can share with them your enjoyment of your vacation trip to mountain, island or beach resort. You can give them more than a passing glimpse of the old missions of California, of such picturesque and historical interest.

You can show them the roses climbing over the porches and pergolas of your California home. You can send them all kinds of interesting views of your home with the children in the garden and on the lawn every month of the year.

And how they will enjoy it. Get a Kodak today and begin to tell them all about it with pictures. We will sell you a Kodak and instruct you in its use. We have a one-day Finishing Service too.

Mr. Dwight W. Stephenson,  
Glendale, California.

Dear Sir: We believe that the sentiment of an overwhelming majority of the citizens of Glendale favors representation of the ex-service men in the administration of our city.

Believing this to be true we, who served in the recent World War, feeling that you are best fitted for the important office of City Trustee, ask that you become a candidate for same, to represent us in the coming city election. If it were possible to communicate with them, we feel sure that every ex-service man in Glendale would sign this request and we are confident that they will give you their united and whole-hearted support.

### JEWELRY BURGLAR BOUND OVER TO COURT

J. P. Coffey, the man arrested early last week in a field near the corner of San Fernando Road and Grand View Avenue charged with stealing several pieces of jewelry from the Anderson home at 343 Ivy Street, was given his preliminary examination Monday afternoon before Judge Lowe and bound over to the Superior Court in the sum of \$5000. He declared he would plead guilty so as to begin serving his sentence as soon as possible, Chief Lampert says. The stolen property was all recovered, Coffey leading the officers to a ditch and showing them where he had thrown it.

## ASKS "SQUARE DEAL"

OBJECTS TO NAME PROPOSED  
FOR NEW HOSPITAL  
IN GLENDALE

Editor Glendale News:

Dear Sir:

As a citizen and taxpayer of Glendale and as an advocate of the policy of a "square deal" to all Glendale institutions, I would appreciate the courtesy of your columns in presenting a matter, certain phases of which have already been called to the attention of the community and as to which there is considerable local public interest.

The Glendale Sanitarium and Hospital is a non-profit, and, in that sense, a charitable institution, which has by the earnest endeavors of a conscientious group of our citizens become an institution known throughout the United States and it enjoys a reputation reflecting credit upon the city in which we live. By careful adherence to the letter and the spirit of the laws it has won the most thorough confidence of the various departments of the State Board of Health of California and I am sure that no right thinking citizen of this community would desire to see this institution unnecessarily injured or its good work interfered with.

While this hospital does render a considerable amount of service without charge, in worthy instances, it does not pretend to compete with our magnificent County Hospital in that regard. It does, however, furnish the community sanitarium and hospital facilities at operating cost. In other words, Glendale, without any investment whatever, has in its midst a thoroughly well conducted sanitarium and hospital which is operated for the benefit of the community and without profit to any individual except the saving which the community in general receives and the benefits which the community acquires commercially through the large number of patients, employees and nurses thus added to the city's population.

This institution has been doing business and is widely known under the name of "Glendale Sanitarium and Hospital." Every one realizes what it means to get a certain name established and widely known. The courts have repeatedly recognized the right of individuals and institutions to the exclusive use of a name under which a business has been transacted, provided it has been taken before a competitor attempts to use it, and the courts properly protect against the use of names so similar as to tend toward confusion and resultant injury to the use of the name in question.

A corporation has recently been organized which proposes to establish a hospital in Glendale and it was first intended to use the name "Glendale Memorial Hospital." The American Legion made such a strong protest against the use of the word "memorial" in connection with the proposed institution (which is not to be eleemosynary in any sense, but is intended to be a profit-making concern) that it has been authoritatively announced that the word "memorial" would not be used in conjunction with the proposed name and the name now stands, "Glendale Hospital." As a friend of the long established Glendale Sanitarium and Hospital, I feel that it would be unjust if the proposal on the part of the new institution to use the name "Glendale Hospital" were allowed to go unchallenged. The Glendale Sanitarium and Hospital does not object to, and, in fact, welcomes good, healthy competition, but there being hundreds of other suitable names it is obviously unnecessary for the new institution to choose the particular name under which the old institution has been operating, or one so nearly identical as to cause confusion and resultant harm to the existing institution.

"Who steals my purse steals trash.  
But he who filches from me my good name  
Takes that which not enriches him,  
But makes me poor indeed."

As above stated, the Glendale Sanitarium and Hospital is what is called an eleemosynary institution; that is to say, it runs on a non-profit basis, and its capital has been donated by charitably disposed persons. In fact, the day of the privately conducted money-making hospital has passed.

For a number of years the writer was attorney for the State Board of Health of California and as such became more or less familiar with the hospital situation. Practically all of the hospitals in Los Angeles and vicinity are conducted under the auspices of church and other charitable organizations, paying no dividends or profits to any one and using any money that they may make, above expenses, for betterments and charity work. For instance: Methodist Hospital, French Hospital, Maternity Hospital, Kaspere-Cohn Hospital, Children's Hospital, German Hospital, Glendale Sanitarium and Hospital, Crocker Street Hospital, White Memorial Hospital, Los Angeles County Hospital, Good Samaritan Hospital and St. Vincent (Sisters') Hospital.

The Good Samaritan Hospital formerly paid dividends, but, realizing the general trend of public opin-

ion, that hospitals ought to be eleemosynary or quasi-eleemosynary in nature, have, I am informed, discontinued the practice and henceforth expect to use anything they may make in the betterment of their own plant and for caring for people who can not pay their own bills.

Hospitals (such as the California Hospital which formerly was a big money-making institution) no longer pay attractive dividends. Most of them no longer pay dividends at all. About three years ago the California Hospital estimated possible dividends at about three per cent. At that time they offered their entire plant for sale to a charitable institution on the ground that they foresaw that the hospital business was bound to become more and more in the nature of a social service corporation which should not make any profit or pay dividends. They further realized that with the advance in medical science it would take everything they could rake and scrape together in order to run a hospital that would be acceptable to conscientious physicians who desired to do everything possible for their patients.

Reputable physicians have grown away from any attempt to commercialize their professions via dividends from hospitals in which they are interested. Physicians have come to the conclusion that it is far better for them to have accessible, well regulated, non-profit hospitals than to have their patients at the mercy of institutions conducted for profit only.

The present attitude of the American Medical Association, the American College of Surgeons, the California League for the Conservation of Public Health, and the California State Medical Society is that hospitals must not only be non-profit paying or dividend paying, but that in addition to that they must be heavily endowed in order to do their work right. I might add that only a few evenings ago Dr. Dudley Fulton, one of the most noted internists in this city, and formerly president of the Los Angeles Medical Society, gave a talk before the society on "The Betterment and Standardization of Hospitals," embracing the ideas mentioned above. The larger hospitals all over the East at the present time are receiving immense endowments, for instance, such noted institutions as the Roosevelt Hospital, the Women's Hospital, the Sloane Hospital and the Peter Brent

Brigham, in Boston, which is in the same class.

The same tendency is noticeable even in our smaller communities. There has been a little hospital at Upland, Cal., which has been made to pay its owners about five per cent. Recently the citizens and physicians of Upland and Ontario got together and decided they wanted relief from the high charges necessary to pay these dividends. They have raised \$75,000 in gifts for the founding of a hospital to be run for the benefit of the people of the community.

It is contemplated that in the near future the Glendale Sanitarium and Hospital will put up large and modern buildings as the present capacity is much less than the demand. These improvements are estimated to cost approximately \$200,000.

The Glendale Sanitarium and Hospital is operated by the Seventh-day Adventist Church. This denomination also conducts similar institutions at Loma Linda and Paradise Valley, as well as the magnificent White Memorial Hospital on Boyle Avenue in Los Angeles. All these are run on the eleemosynary plan at great cost to the denomination. Nothing whatever is "written off" for depreciation, replacement or upkeep of buildings or equipment.

In view of all of these circumstances I feel that public opinion should assist in influencing those who are behind the new enterprise to select a name for their institution which will be suitable and distinctive but will not have a tendency to confuse the public mind or to injure or interfere with the laudable activities of the institution first in the field. A spirit of fair play and good will between these competitors should prevail and the Glendale Sanitarium and Hospital should not be compelled to institute court proceedings to protect its well earned name.

Yours very truly,

KEMPER B. CAMPBELL,

LOS ANGELES

OAKLAND, Cal., March 9.—City Health Officer Daniel Crosby, who tided Oakland through three epidemics of influenza, is to resign.

Dr. Crosby has tendered his resignation, to take effect April 1. "I am not giving the office as much time as it needs," explained Dr. Crosby, "and in addition I am neglecting my private affairs. I'm not so important to this office that a man can not be obtained who will give the work as much time as it requires."

LOS ANGELES, March 9.—Los Angeles will slumber more soundly if the city council acts favorably on an ordinance sponsored by Councilman Sanborn. Proposed ordinance in addition to levying a tax on roosters, would provide that no hen-coops be kept within 200 feet of a bed-chamber. At that distance the feathered flock would be limited to 200 in number. At 300 feet any number of chickens could be kept, the ordinance provides. Councilman Mallard suggests the grafting of canary glands onto all roosters. "That'll change their tune," he says. Suburbanites would be exempted from tax on their roosters.
